

Thank you for your interest in helping your child create a project for the PTA Reflections program! It is a great opportunity for students to create in many different categories of art, and receive recognition for it. Projects need to be completed and submitted online by October 21st. Here are some links that you will need:

There are rules that every entry must follow in order to compete, and then each category has specific rules.

Some categories require consent forms. These can be found here.

Unlike in past years, everything will be turned in online. The online system can be accessed here.

Under "My Reflections Entries" click the blue button, "Submit Reflections entries." You will need to register on the website and create a password. The system will walk you through what kind of files or pictures you need to upload, depending on the category.

Here is a video about how to submit an entry, if you get stuck:

If you have any questions or need help with submitting the artwork, please don't hesitate to email me. Thank you!
